

Teun Veldkamp

Teun Veldkamp is senior researcher animal nutrition in the Animal Nutrition department of Wageningen Livestock Research. Dr. Veldkamp joined Wageningen Livestock Research in 1989. In 2002 he received his Ph.D. on the thesis "Heat stress and diet utilization in male turkeys – The role of dietary energy and amino acids". Now he is working on poultry nutrition research in broilers, laying hens and turkeys. Main research topics in poultry nutrition are feed evaluation, amino acid requirements, feed additives: efficacy and tolerance trials for registration purposes and since 2012 Dr. Veldkamp is involved in many projects related to insects as feed, food and non-food. Dr. Veldkamp is coordinator of the H2020 project SUSINCHAIN (Sustainable Insect Chain). Dr. Veldkamp is the former president of the Study Commission Insects of the European Federation of Animal Science (2016-2022) and he is member of the editorial board of the Journal of Insects as Food and Feed.
